

[Feiying Simulator Launcher 14](#)

The screenshot shows the FiatECUScan 3.5 REGISTERED software interface. A red-bordered black box in the center displays the error message: **POŁĄCZENIE NIEUDANE** (Connection failed), with the subtext: **Upłynął limit czasu operacji. Sprawdź kabel i ustawienia portu COM!** (Operation time limit exceeded. Check the cable and COM port settings!).

The interface includes a menu bar with "Wybór" (F11) and "Wykres" (F5). Below it is a table for selecting a vehicle model:

Marka	Model/Wersja
ALFA	159 1.9 MJET 16V
FIAT	159 1.9 MJET 8V
LANCIA	159 2.0 JTD 16V
[Ostatnie]	159 2.2 JTS 16V
	159 2.4 MJET 20V

Below the table is a "System" section with a tree view of vehicle components: Silnik (ECU), ABS, Poduszki (SRS), Wspomaganie (EPS), Skrzynia, Deska (ICP), Nadwozie (BCM), and Przegląd. To the right of this list are buttons for "N", "ESC", and "Y".

At the bottom right, there are buttons for "Skan DTC" (F12), "Skanuj" (F11), and "Połącz" (F10). A red "Wyślij raport" (Send report) button is also visible. The bottom of the window shows the website "www.fiatecuscan.net" and the "FiatECUScan" logo with the text "Alfa/Fiat/Lancia ECU Scanning Software".
